Parents' Evening - Tue 21st October

You should have received an email from the school office about our Parents' Evening - you can book your slot now through Arbor! We would like to see an adult form every family attending to share important information about how your child has settled in to their new class. We will be trying very hard to keep to time - please do not be offended if we stop your appointment after 10 minutes to avoid large queues forming. If you need additional time, we will organise this for you.

Also look out for information about our Curriculum Workshops happening the week beginning 4th November!

Special Assemblies through the year

Please note that we often have guest speakers / visitors to speak to the children in assemblies throughout the year. This may involve members of the community from different religious groups who will share their experiences / cultures and celebrations with the children. Content is monitored carefully, with detailed information / scripts submitted beforehand and staff from Willow Grove present throughout. These visits are designed to help the children to grow up in a happy, diverse community with respect for other cultures. These will be listed on the important dates that you get but Mrs Kennedy will be available on the Parents' Evening if you would like to grab her for a chat if you would like further information.

Look out for...drop in clinics with the SENDCO and Headteacher where you can pop in for an informal chat to give you clarity about any issues you may have!
